About the Programme

Personality Development Programme (PDP) deal with developing the communication and interpersonal skills of an individual. Such courses are known to be high in demand as they help candidates to learn soft-skills and techniques that are required to gain a competitive edge during placement and job interviews. Personality development is gaining more and more importance as it enables students to create a good impression about themselves on others and helps them to build & develop relationships for career growth. The current course will focus on entering job/employment market for UG/PG female Students.

Sometimes because of lack of confidence a student may not be able to demonstrate good professional and communication skills. The course will focus on learning and applying the use of intuitive, logical and critical thinking, communication and interpersonal skills, not limited to cognitive/creative skills.
